## **SINDH HIGH SCHOOL TEACHERS (HSTs) ASSESSMENT REPORT**

### **BACKGROUND**

The British Council creates international opportunities for the people of Pakistan and the UK, and builds trust within Pakistan and worldwide. It is committed to a brighter future for Pakistan and Pakistanis, in recognition of the close cultural, social and economic links that tie the two countries and populations together. We at the British Council are committed to improving teaching standards. This is done through developing partnership with educational institutes of repute by building the capacities of teachers and teacher educators by means of bringing internationally acclaimed and acknowledged teacher development courses.

The Government of Sindh, Education and Literacy Department has the prime objective of looking after the educational affairs within the province and co-ordination with the Federal Government and donor agencies regarding promotion of education in the province. Mr. Nisar Khuro is the minister of Education and Mr. Fazallullah Pechuho is the secretary for Education, Sindh.

The Education Department has defined its mission statement as follows:

"Government of Sindh stands committed to universalise education, unfold strong policy actions for raising literacy to hundred percent and reform education in Sindh with the help of Democratic Government and elected representatives to secure gradual, but visible and sustainable improvement to access quality education easily"

Therefore, it is essential to understand and further develop the English language competence level of the newly inducted 614 ELT higher secondary teachers. This assessment will further strengthen the overall quality of English language education across the province.

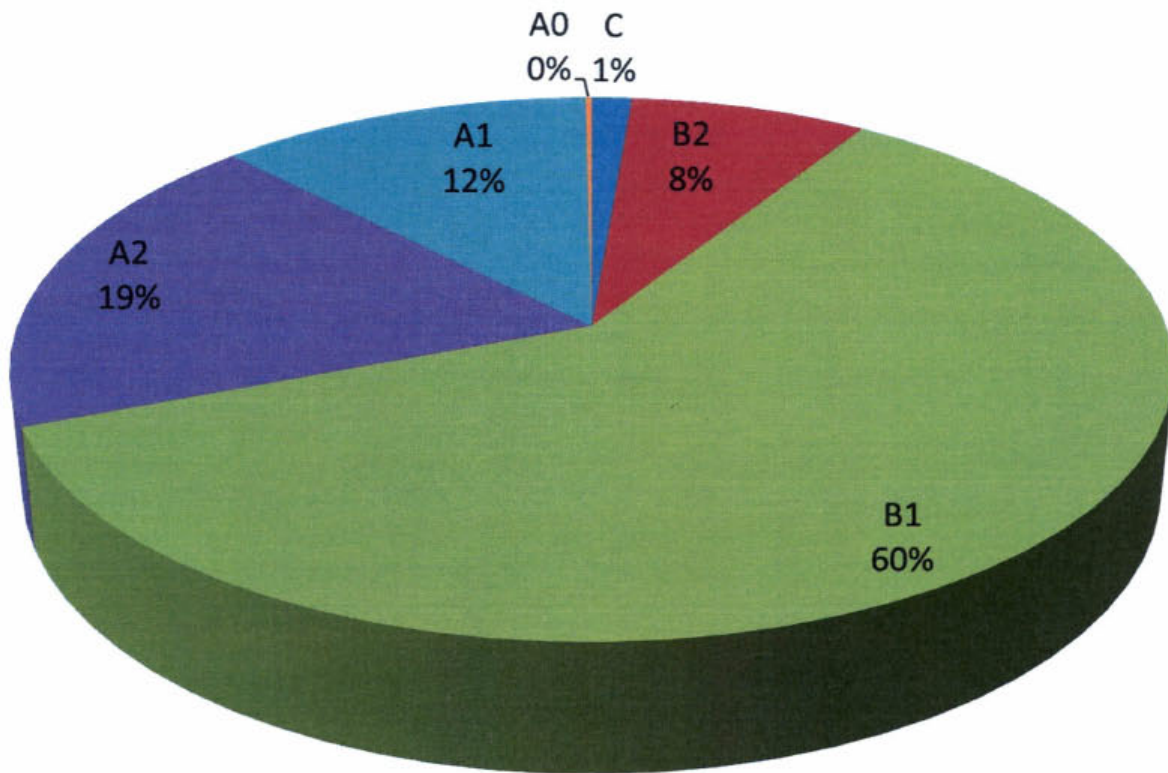

The Department of Education and Literacy of the Government of Sindh requested British Council to work in partnership so that the above-mentioned group of 614 teachers' English language proficiency and ELT skills can be assessed and subsequently a training and development initiative could be planned and implemented.

Aptis - an innovative English assessment tool from the British Council was used to assess ability in all the four English language skills of reading, writing, listening and speaking. Along with this, grammar and vocabulary was also tested through Aptis.

Test was planned for 614 teachers whereas 84 teachers did not appear for the test. Tests were conducted in Karachi, Rashiabad and Sukkur. As a result of this initiative the Government of Sindh will now have a fair assessment of 530 High School Teachers (HSTs) in the areas of English language proficiency that can help the Government in designing and planning further training and development initiatives for the said group.

| Grammar and Vocabulary |          |            |
|------------------------|----------|------------|
| Marks (%)              | Teachers | Percentage |
| 90% to 100%            | 7        | 1.3%       |
| 80% to 90%             | 41       | 7.7%       |
| 50% to 80%             | 319      | 60.2%      |
| 30% to 50%             | 98       | 18.5%      |
| 10% to 30%             | 64       | 12.1%      |
| 0% to 10%              | 1        | 0.2%       |

### Grammar and Vocabulary

**Reading**

**40%** of the teachers can read straightforward factual texts on subjects related to his/her field and interest with a satisfactory level of comprehension.

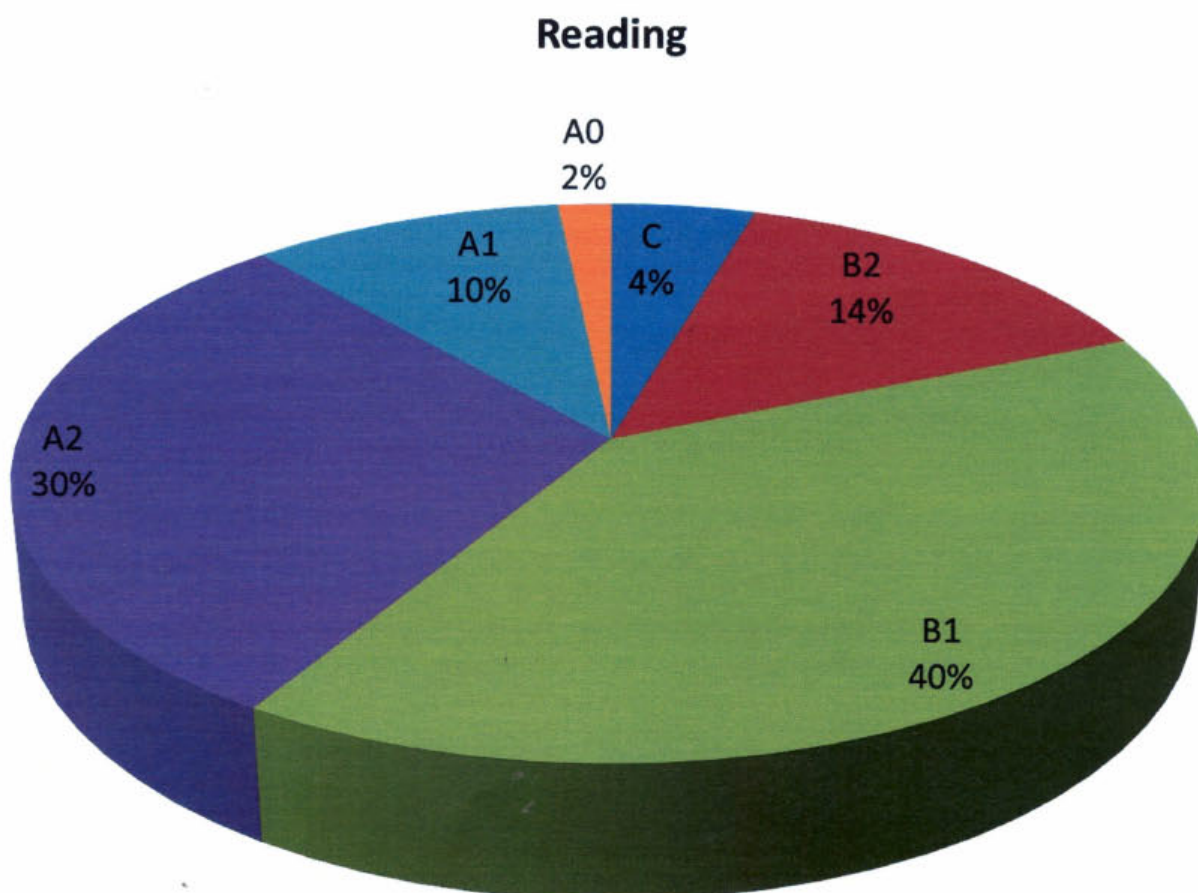

**29.8%** of the teachers can understand short, simple texts on familiar matters of a concrete type which consist of high frequency every day or job-related language.

**14.2%** of the teachers can read with a large degree of independence, adapting style and speed of reading to different texts and purposes, and using appropriate reference sources selectively.

**9.8%** of the teachers can understand very short, simple texts a single phrase at a time, picking up familiar names, words and basic phrases and rereading as required.

**4.5%** of the teachers can understand and interpret critically virtually all forms of the written language.

**1.7%** of the teachers were not able to provide with enough information to allow us for any meaningful inferences about their ability to read English Language.

### Listening

**39.4%** of the teachers can give clear, systematically developed descriptions and presentations on a wide range of subjects related to his/her field of interest, with appropriate highlighting of significant points, and relevant supporting detail.

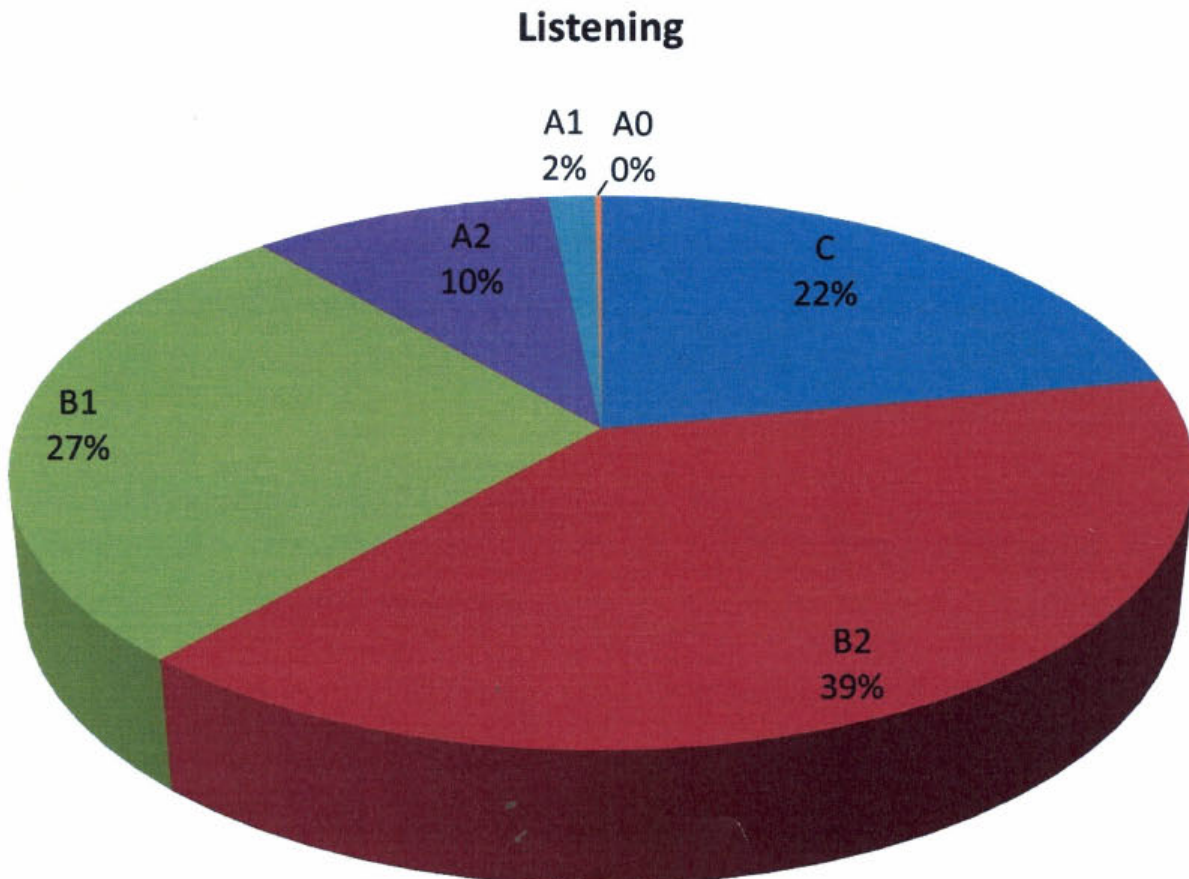

**27.2%** of the teachers can reasonably fluently sustain a straightforward description of one of a variety of subjects within his/her field of interest, presenting it as a linear sequence of points.

**22.1%** of the teachers can produce clear, smoothly flowing well-structured speech with an effective logical structure which helps the recipient to notice and remember significant points.

**9.6%** of the teachers can give a simple description or presentation of people, living or working conditions, daily routines likes/dislikes, etc. as a short series of simple phrases and sentences linked into a list

**1.5%** of the teachers can produce simple descriptions on mainly personal topics.

**0.2%** of the teachers were not able to provide with enough information to allow us for any meaningful inferences about their English Language listening ability.

### Speaking

**37%** of the teachers can reasonably fluently sustain a straightforward description of one of a variety of subjects within his/her field of interest, presenting it as a linear sequence of points.

**30.9%** of the teachers were not able to provide with enough information to allow us for any meaningful inferences about their ability to speak in English.

**14.2%** of the teachers can give a simple description or presentation of people, living or working conditions, daily routines likes/dislikes, etc. as a short series of simple phrases and sentences linked into a list

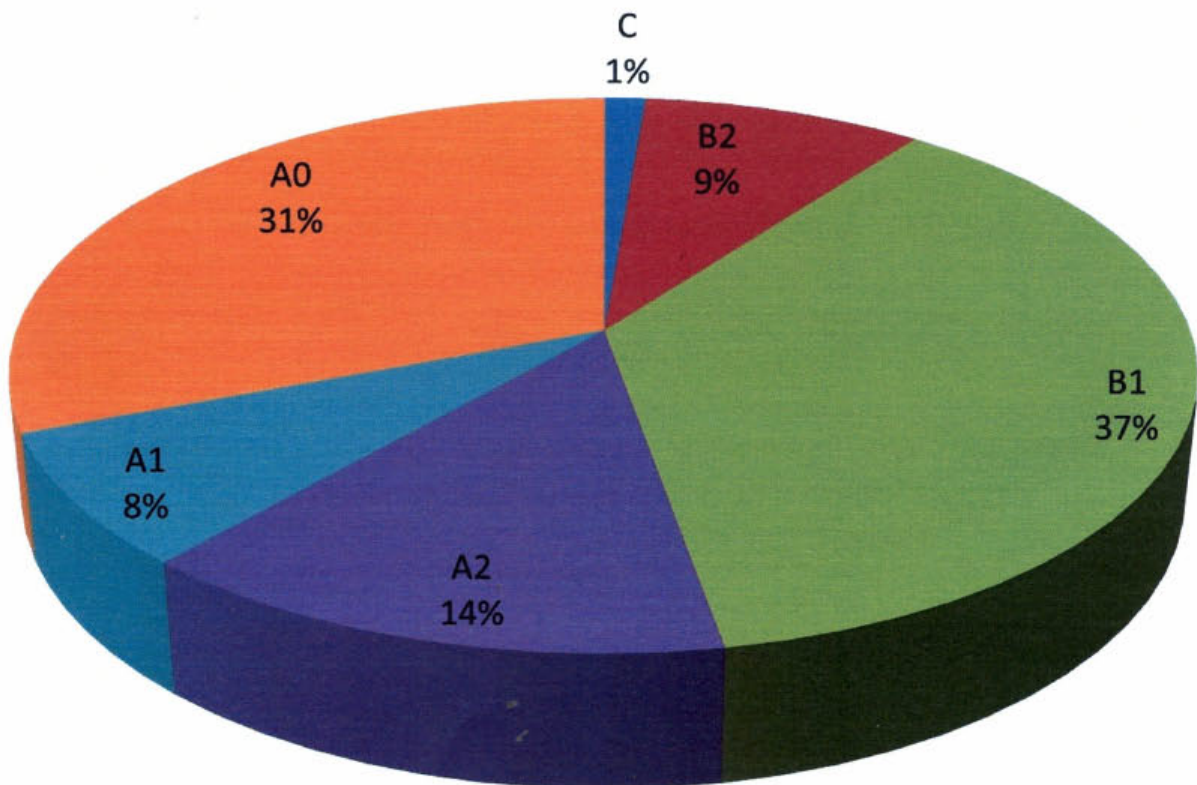

**8.9%** of the teachers can give clear, systematically developed descriptions and presentations on a wide range of subjects related to his/her field of interest, with appropriate highlighting of significant points, and relevant supporting detail.

**7.7%** of the teachers can produce simple descriptions on mainly personal topics.

**1.3%** of the teachers can produce clear, smoothly flowing well-structured speech with an effective logical structure which helps the recipient to notice and remember significant points.

As a result of this initiative the Government of Sindh now have a fair assessment of 530 High School Teachers (HSTs) in the areas of English language proficiency that can help the Government in designing and planning further training and development initiatives for the said group.

### Speaking

### Writing

40.2% of the teachers can write straightforward connected texts on a range of familiar subjects within his field of interest, by linking a series of shorter discrete elements into a linear sequence.

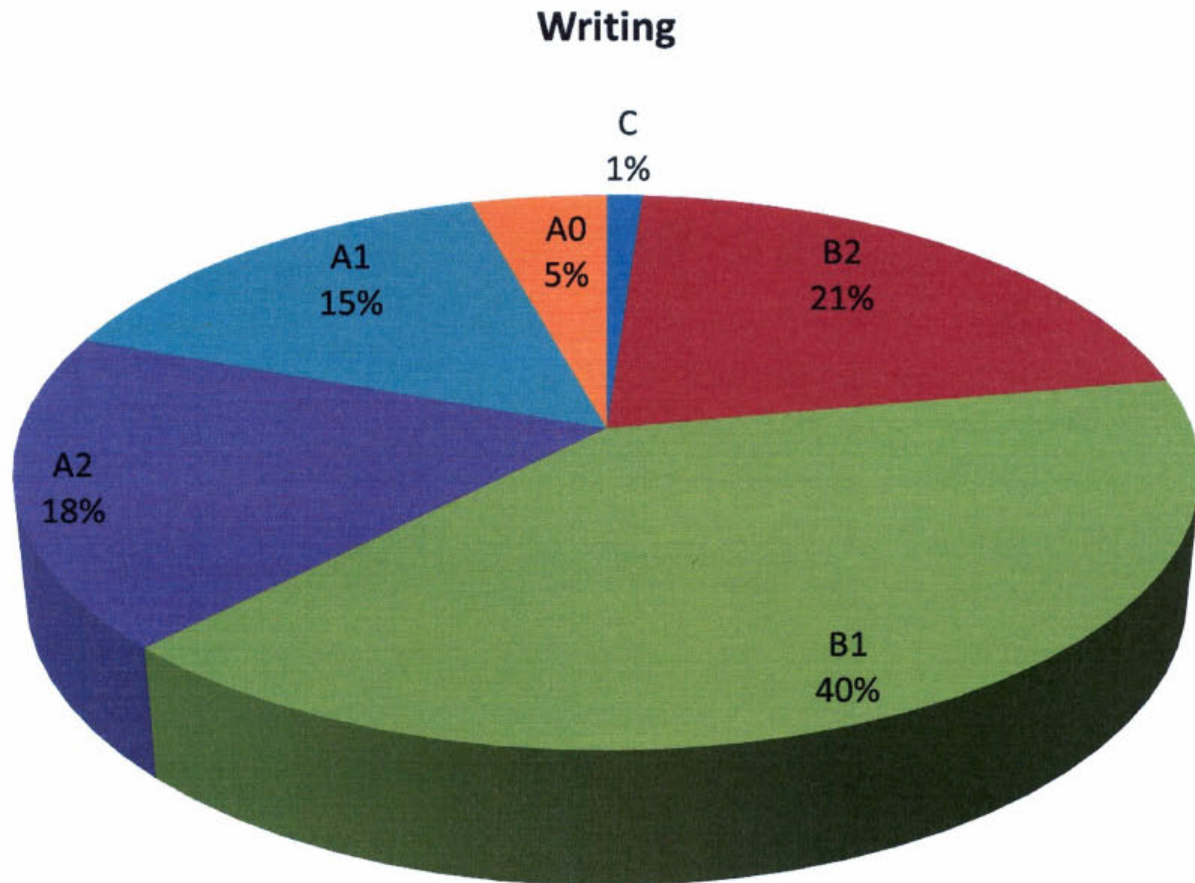

20.9% of the teachers can write clear, detailed texts on a variety of subjects related to his/her field of interest and shows an ability to use different registers within written texts.

18.3% of the teachers can write a series of simple phrases and sentences linked with simple connectors like 'and', 'but' and 'because'.

15.1% of the teachers can write simple isolated phrases and sentences.

4.3% of the teachers were not able to provide with enough information to allow us for any meaningful inferences about their ability to write in English.

1.1% of the teachers can write clear, smoothly flowing, complex texts in an appropriate and effective style and a logical structure which helps the reader to find significant points.

The individual components results of all teachers are attached with this report for your reference.
